Master Set Only

First Adventure

Two decks from only the Master Set. These two decks are designed to be played against each other and offer a better experience for new player. These deck lists are designed by Discord community member Jayson Lindley (aka ImpossibleGerman).

Saria and Aradel

Building Basics

These deck lists are designed by PHG playtesters, and Discord community members, Lizzie Hart (aka littlelizard), and Brian Broughman (aka Brian B). They use just the Ashes Reborn Rise of the Phoenixborn Master Set. These decks aim to give you the tools and inspiration to make more fun, unique, and refined decks than just the preconstructed decklists.

Alternate MSU (Master Set Upgrade)

Danicus the Mediocre's take on rearranging the Reborn Master Set cards focuses more on splitting up the really good cards to spread out the goodness, but also splitting up the really... less useful cards so no single deck has to deal with a chunk of duds.

Massive Storm Girl (Aradel)

Gentle Jessa (Jessa)

Denial Noah (Noah)

The After Party (Saria)

The Revamped Viper (Maeoni)

Rhino Feast (Coal)
