

# What To Buy - PvE

Red Rains was not designed to be a standalone product. PHG intends for you to have the Master Set to be able to use it.

- If you're completely new to Ashes, the **PHG bundle** is made specifically for you -- it's the ultimate entry point for both game modes.
- If you have the Master Set already, just **sub to TC** to get Red Rains at launch and you'll have everything you need.
