

Card Errata

There have been 3 sets of errata so far, detailed below, oldest first. While Plaid Hat has decided that print runs will now include the fixed version of the cards instead of the older version, it is possible a product was printed before the errata and may not be up to date. Print on Demand decks will only have the current version of a card.

Previous changes

The initial 4 are available in a print-and-play file at plaidhatgames.com, and were included in The Frostwild Scourge expansion set.^[1]
