History

Little is known about Echo, though Astrea Marked two of his allies, the Light and Sonic Swordsmen, and turned them against him in the first timeline.

He also had a rivalry with Jericho Kill, though it is unknown if that rivalry is mutual, or even persists, after Jericho's use of time magic.

Conjurations

Echo's only creature conjuration is the Mirror Spirit, which carries a fake black hole on it's back.

He does provide some of his allies with Enhanced Strength, though that is not a direct conjuration of his magic.

Official texts

"Just as the waxing and waning of the moon, just as the tidal push and pull of the Glow Sea, you too are predictable. I can influence your every move to work to my ends. A small adjustment here and simply standing becomes a burden too great for you to bear. You walk an endless path, but it doesn't have to be this way. Join me and I can lift the weight of this long war from your shoulders."
