History

Leo has a history with fighting Victoria Glassfire, and is most likely responsible for her insanity, as he has ransacked her memories. His meddling has also caused her to forget Hope Everthorn, a former friend of hers. How Hope feels about this is unknown.

The Blight appearing in his home has drawn other Phoenixborn to it, including Maeoni Viper, Rin Northfell, Astrea, and Saria Guideman.

Conjurations

Leo's conjurations are all birds: the Glow Finch, the Nightshade Swallows, and the seemingly unthreatening Orchid Doves.
